

VENEDIA

→ IT Ciacola è una collezione di tavoli da bar e da pranzo disponibile in varie misure ed altezze. Le gambe richiamano la forma delle briccole veneziane formate da tre o più pali di legno legati tra loro da un anello metallico. La base in tubo, dal design essenziale ed equilibrato, si adatta perfettamente agli ambienti bar o esterni; la base in legno a 4 gambe, accogliente, si sposa con la comodità della casa. Il piano sottile in differenti finiture dona leggerezza al tavolo, mentre il piano in legno, con la sua variazione di colore che riprende l'anello, spezza l'altresì monocromia. Gli amici fidati si riuniscono attorno ad un tavolo per una ciacola, la tipica chiacchiera veneziana, così come i semplici pali in legno della briccola sono uniti fra loro da un anello metallico. La struttura di Ciacola Table si ispira alla briccola, elemento presente nella laguna, guida fidata e indice della via d'acqua navigabile, ottenendo un comodo tavolo dove condividere le ciacole quotidiane.

→ EN Ciacola is a table collection available in different heights and measurements. The table legs recall the shape of the venetian briccola, three wooden poles tied together by a metal ring. The tubular frame, with its essential and balanced design suits perfectly into bar spaces or outdoors; the wooden frame on the other hand, elegant yet cosy, goes hand in hand with the comfort of the house. The slim table top that gives the product its lightness is available in a variety of finishes, while the wooden top breaks the otherwise monochromy. Close friends gather around a table for a ciacola, the typical Venetian chat, just like the wooden poles of the briccola are gathered together by a metal ring. The frame of the Ciacola Table is inspired by the briccola, an ever-present element in the lagoon, a reliable guide and indicator of waterways, resulting in a comfortable table where everyday ciacolas can be shared.
